

New on-line services Print your own certificates

In response to the increasing unreliability of the postal service we have introduced a new on-line service enabling members to print their own Herd Book Registration Certificates. This is something that members requested at the regional meetings held earlier in the year along with on-line receipts for birth notes, registrations and transfers. These are also now available.

Please remember that the on line herdbook is a "read only" copy. The main herdbook is on the computers in the BPA office. When you submit a registration it still has to be verified at the office then uploaded to the website before you can print the certificate. The same applies to the transaction receipts. These provide you with a record of what you have submitted to the BPA but the birth notes and registrations still have to be processed by the office before they appear on the website.
