

Confirming the Purchase of Pigs from a Show

It is now a legal requirement that all pig movements be recorded electronically.

To do electronic pig movement licences you will first need to log onto www.eaml2.org.uk

You will then need to enter your user name & password on the registered user section and click login.

The screenshot shows the eAML2 website interface. At the top, there is a navigation bar with the AHDB PORK logo and links for 'About eAML2', 'Help', 'Contact Us', 'Pig Health', and 'ZNPC'. Below the navigation bar, there is a banner for the 'NEW AHDB Pork Significant Diseases Charter'. The main content area features the eAML2 logo and the text 'Electronic Movement Licensing' with icons for a truck, a pig, a mobile phone, and a computer mouse. Below this, there are three main sections: 'Registered Users' with a login form, 'Register with eAML2', and 'Not registered and received a movement?'. The 'Registered Users' section includes fields for 'Username' (containing 'ngm2') and 'Password' (containing '*****'), a 'Log In' button, and a 'Remember me next time' checkbox. Below this is a 'Forgotten password?' section with an 'Email Address' field and a 'Send Password' button. The 'Register with eAML2' section has an icon of a truck with a green arrow and text: 'Choose this option if you are new to eAML2 and would like to register to set up a movement.' The 'Not registered and received a movement?' section has an icon of a green arrow pointing to a document and text: 'Choose this option if you are new to eAML2 but have received a movement you need to confirm.' At the bottom, there are two sections: 'eAML2 Contact Details' with a helpline number '0844 335 8400*' and a note that calls are charged at 5p/minute plus access charge, and 'Bureau Service & Helpline Opening Times' with a note that the Bureau and Helpline Service Office operating hours are Monday - Friday 9am til 5pm and does not operate over the weekends or English bank holidays.
