The sow lines are looking healthy except for Rita and Roseleaf. If you're thinking of a new bloodline, why not try one of those?

On the boars, all are in double figures except Golden Ranger and Ranger. Much work has been done with the Rangers over the past year and there are some young ones coming on.

Please remember, when you're selecting stock for registration to only select the pigs that are up to the correct breed standard and so continue the vast improvement in the Tamworth conformation that has been noticed over the past few years.

Bill Howes and Ryan Perry
